Message from our
Managing Director

Apurva Group is not just a business - it is a story of dedication, determination, hard work, and countless sleepless nights. My journey began in 1991 when I moved to Kathmandu with nothing but hope and a dream that one day I would achieve my goal and feel the satisfaction of saying, "Yes, I did it."

The journey was not easy. I know how tough the times were, but I am always thankful to God for blessing me and my team, who stood by me through every challenge and helped take the company from the ground up. It took time, effort, and perseverance, but today, Apurva Group is proud to be one of the leading names in the industry.

This journey has taught me many lessons in life. I've learned that the best thing about bad times is that they pass, and the hardest thing about good times is that they too don't last forever. These experiences taught me the importance of staying grounded and truly stick to my values. I firmly believe that we should never compromise on our ethics or discipline, no matter the circumstances.

I also carry deep respect for this soil, which has given me everything and allowed me to grow. Nepal is not just where my journey began; it is the foundation of my success. This country has provided me with endless opportunities, trusted relationships, and a place to fulfill my dreams. I owe my gratitude to this soil for shaping me into who I am today and for giving me the strength and inspiration to move forward.

As we look to the future, Apurva Group will continue to uphold its values and work tirelessly to build a legacy of trust, quality, and excellence for generations to come.

OUR COMPANIES

APURVA INTERNATIONAL

Apurva International, established over three decades ago, is the foundation of the Apurva Group and remains a key pillar of the entire business. As the first company under the group, it marked the beginning of Apurva's journey and has played a vital role in shaping its overall success. Over the years, Apurva International has grown into a trusted name, earning a strong reputation across every sector it operates in.

Today, Apurva International is a leading name in Nepal's paints and roofing industry. The company is one of the largest distributors of top paint brands available in Nepal. It is also a major provider of roofing solutions - manufacturing UPVC sheets through its subsidiary, Siddhartha Sunrise Industries, and importing premium polycarbonate and steel sheets. Through its Beautiful Homes Boutique store, the company offers an exclusive range of interior solutions, along with professional design consultations.

APURVA PLY INDUSTRY

Apurva Ply Industry, a key manufacturing unit of the Apurva Group, acquired an established plywood facility in 2021, significantly expanding its production capacity and market reach. It manufactures premium and commercial plywood, high-quality shuttering ply, as well as 2D, 3D, and laminate doors.

Strategically located in Parsauni, near Birgunj, Nepal, the company serves both domestic and international markets, ensuring that every product meets industry standards and customer expectations. Through continuous growth and a strong commitment to excellence, Apurva Ply Industry strengthens the Apurva Group's diverse business portfolio and continues to build its reputation as a trusted name in the industry.

SIDDHARTHA SUNRISE INDUSTRIES

Siddhartha Sunrise Industries, a major manufacturing unit of the Apurva Group, is Nepal's first manufacturer of UPVC roofing sheets with ISO 9001:2015 certification, marking the Group's significant entry into the manufacturing sector. Located near Bhairahawa, Nepal, the company has established itself as a leader in the roofing industry by consistently delivering quality and reliability.

Specializing in advanced UPVC roofing solutions, Siddhartha Sunrise Industries offers products that are lightweight, extremely durable, and highly resistant to fire, water, and chemicals. Designed for sound insulation and long-term performance, these sheets are manufactured using cutting-edge technology and premium materials-ensuring superior protection, innovation, and long-lasting value for its customers.

OUR COMPANIES

APURVA WORLD

Apurva World is a leading provider of construction materials, project execution services, and sanitaryware solutions, dedicated to meet the evolving demands of Nepal's growing infrastructure and real estate sectors. Its project division plays a vital role in nation-building initiatives by supplying top-grade materials and skilled labor for large-scale national and private developments across Nepal.

The construction materials division offers high-quality products, including cement, TMT bars, steel plates, steel pipes, and other essential materials critical to modern construction. Additionally, Apurva World's sanitaryware division provides a wide range of bathroom fittings, fixtures, and accessories-blending modern design with durability and functionality to meet the demands of both residential and commercial spaces.

APURVA COATINGS

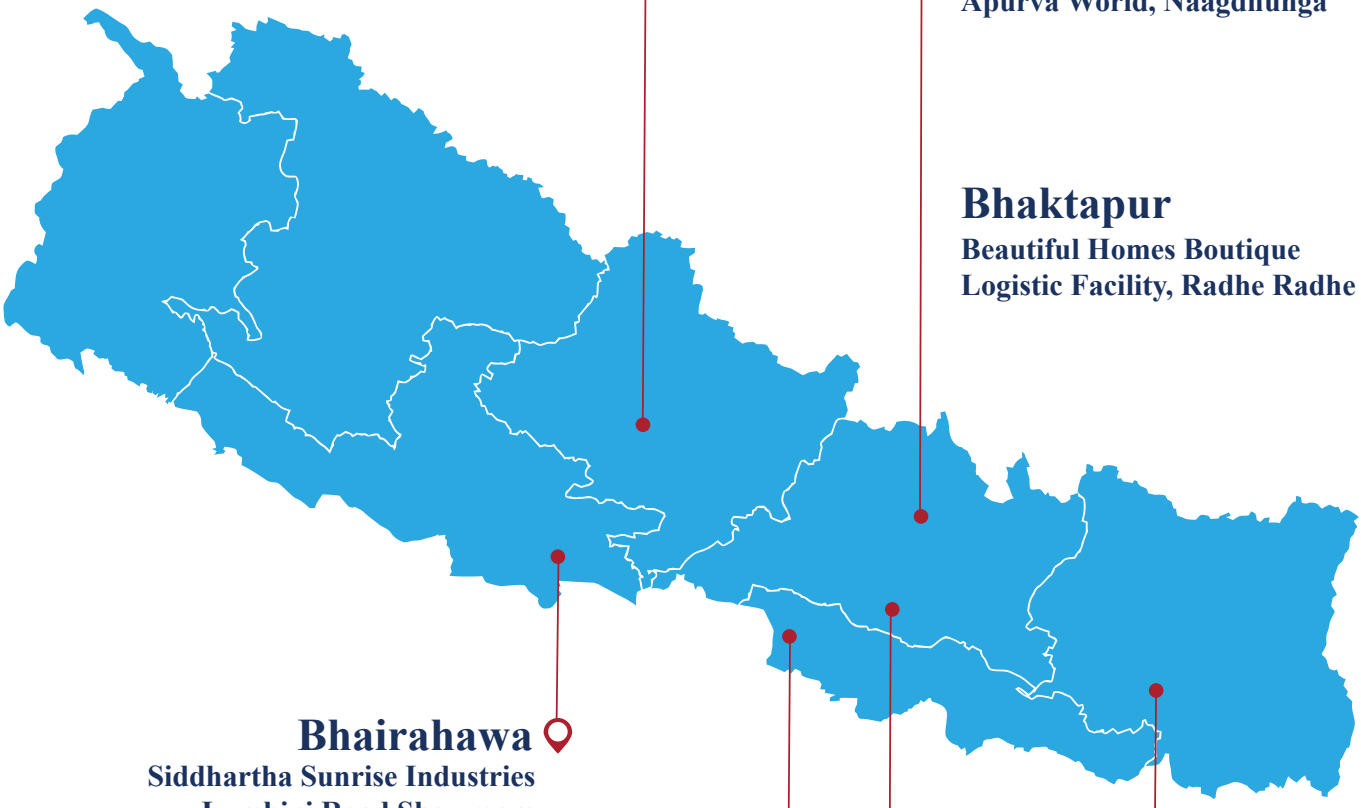

Apurva Coatings, a key trading unit of the Apurva Group, specializes in proving high-performance hygienic and protective coatings for hospitals, pharmaceuticals, food processing units, and various industrial sectors. With over 20 years of experience, the company is known for delivering reliable, durable, and innovative coating solutions. Its hygienic coatings help maintain sterile environments by resisting bacteria and microorganisms, while protective coatings ensure surface durability against wear, corrosion, and harsh conditions. Backed by the Apurva Group's legacy, Apurva Coatings holds a strong market presence and is trusted for its quality products and customer-focused service.

NAWRANG SOLUTIONS

Nawrang Solutions, a distinct vertical of the Apurva Group, specializes in repackaging painting tools, accessories, and paint chemicals to meet evolving market needs. Our range includes high-quality thinners, paint removers, additives, and painting accessories like brushes, rollers, fiber, sandpaper, and waterproof paper - catering to both professionals and DIY users. Focused on performance, durability, and smooth application, Nawrang Solutions ensures superior finishing results. Backed by the trust of Apurva International, we remain committed to innovation, reliability, and customer-centric service, delivering practical and efficient solutions tailored to priortize every customer needs.
